

DIRECTIONS FOR USE
ART. S8317
ELBOW SUPPORT ELASTIC
Application:

- Provides reliable support and protection of elbow joint during activities.
- The anatomical shape is convenient for daily use.
- Breathable fabric ensures additional comfort.
- Fits both left and right arms.

Indications for use:

Elbow support provides adjustable compression and support to the elbow joint. It helps in case of repetitive sports injuries such as tennis and golfer's elbow by reducing excessive movements at the inner and outer sides of the joint. The support can also be used for recovery and during rehabilitation following surgery, trauma or injury.

Recommendations for use:

Before use please consult with your doctor. Support is recommended to wear directly on underwear. Individual treatment and terms are determined by the physician.

Contraindications:

Inflammatory skin disease in the area of brace application, individual intolerance to the brace materials.

Dimensions	Sizes				Max deviation
	S	M	L	XL	
Elbow circumference, cm	23-26	27-31	32-36	37-43	± 1,0 cm

How to get it on:

for right hand

for left hand

Maintenance:

Wash with mild detergents at temperature no higher +35°C. Don't rub or wring out during washing and rinsing. Dry up away from sources of heat. Don't iron. Don't bleach. (Don't use chlorine-containing bleaching detergents). Don't use dry-cleaning.

Precautions:

Use the product for its intended purpose only. The schedule or time of wearing can be changed upon your doctor's advice only. It is not recommended to wear the product within 30 minutes after application of local warming ointments.

Contents: capron - 60%, latex - 30%, polyester - 10%.

Storage conditions: store in dry place at temperature from +5°C to +40°C. Keep away from direct sun rays.

Manufacturing date: see on packaging.

Size: see on packaging.
